**EXAMINER'S AMENDMENT**

---

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert K. Carpenter on May 27, 2004.

The application has been amended as follows:

**CANCEL CLAIMS 1, 4 and 5**

---

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

### **REASONS FOR ALLOWANCE**

---

The following is an examiner's statement of reasons for allowance:

Claims 2-3 and 6 are allowed as amended over the arguments by the applicants and the non-existence of prior art of record that neither teaches nor fairly suggestive of the limitations of the instant claims by the applicants. The closest prior art by Maeda et al (US Patent 6,118,650) does not disclose or fairly suggestive of the concentration gradients of the conductive material and the electrode structure meeting the limitations of the instant claims by the applicants.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kallambella Vijayakumar whose telephone number is 571-272-1324. The examiner can normally be reached on M-Th, 07.00 - 16.30 hrs, Alt. Fri: 07.00-15.30 hrs.
